

LOADED LIONS OPEN LICENSE v1.0

© 2026 Crypto.com. Licensed under the Loaded Lions Open License v1.0

1. Ownership & Definitions

All intellectual property rights in the subject matter of this license are and shall remain the exclusive property of Foris Technology Pte. Ltd. or its affiliates (trading as Crypto.com) (“**Crypto.com**”). This license covers the following subject matter: (a) the “Loaded Lions”, “Dark Lions”, and “Cyber Cubs” names and logos (collectively, the “**Licensed Marks**”); and (b) the copyright in visual assets expressly designated as “Creator Materials” in the GitHub asset manifest, consisting solely of generic, non-PFP, non-token-linked lion graphics and marketing visuals (collectively, the “**Licensed Copyright Materials**”). The Licensed Marks and the Licensed Copyright Materials are collectively the “**Licensed Materials**”. For the avoidance of doubt, the underlying trait and layer files used to generate the Loaded Lions, Dark Lions, and Cyber Cubs collections, any game code (including Mane City source code), animation files, 3D models, audio files, and any other assets not expressly uploaded to the Loaded Lions GitHub repository are expressly excluded from the Licensed Materials.

Nothing in this license constitutes a transfer or assignment of ownership. Crypto.com retains all rights, title, and interest in and to the Licensed Materials and the excluded token-linked PFP/Avatar files, and all intellectual property rights subsisting therein.

For the avoidance of doubt, the individual token-linked PFP/Avatar files from the Loaded Lions, Dark Lions, and Cyber Cubs NFT collections are expressly excluded from the scope of this license and are not Licensed Materials.

NFT Ownership. For the avoidance of doubt, the purchase, acquisition, or transfer of any non-fungible token (“**NFT**”) from the Loaded Lions, Dark Lions, or Cyber Cubs collections does not transfer, assign, or otherwise affect ownership of any of the Licensed Materials. A token holder acquires no intellectual property rights in the Licensed Marks or the Licensed Copyright Materials by virtue of holding or transferring an NFT. All such rights remain vested in Crypto.com at all times, irrespective of any change in NFT ownership.

Nothing in this license replaces, reduces, or otherwise affects any rights that a holder may have in relation to their specific token-linked PFP/Avatar under any separate agreement or platform terms (including any amended license for Crypto.com profile picture NFTs). Such rights are governed separately and are neither granted nor limited by this license.

Holder-Directed Display. Notwithstanding the exclusion of token-linked PFP/Avatar files from the Licensed Materials, a Licensee may build an application or product that retrieves a holder’s PFP/Avatar image from on-chain or off-chain metadata associated with the relevant NFT as hosted on Crypto.com’s official platform or Loaded Lions GitHub. The Licensee may display such PFP/Avatar image publicly within the product at the holder’s direction, provided that: (a) the application cryptographically verifies the holder’s current ownership of the relevant NFT; (b) the application ceases display and deletes any cached copies of the PFP/Avatar image when ownership of the relevant NFT ends or the holder withdraws consent; and in the event of any failure of or inability to complete the cryptographic verification required under (a), the application must default to non-display of the PFP/Avatar image until

verification is successfully completed; and (c) any such display is consistent with the holder's existing rights under separate platform terms or agreements. This permission relates solely to the facilitation of holder-directed display and does not grant any Licensee a licence to use, reproduce, or distribute any token-linked PFP/Avatar image for any other purpose.

2. License Grant

Subject to compliance with this license, Crypto.com grants to any person obtaining a copy of the Licensed Materials (each, a "**Licensee**") a royalty-free, worldwide, non-exclusive license to undertake the following activities with the Licensed Materials:

- use the Licensed Materials for personal, commercial, or non-commercial purposes;
- reproduce, copy, and distribute the Licensed Materials;
- create derivative works based on the Licensed Materials; and
- publicly display and perform the Licensed Materials and derivative works thereof.

Each Licensee may reproduce, distribute, and make available the Licensed Materials and derivative works to third parties, provided that such third parties receive a direct license from Crypto.com on the terms of this license. No Licensee may impose any additional terms, conditions, or restrictions on recipients of the Licensed Materials or derivative works beyond those set out in this license.

Licensees may create and distribute derivative works incorporating the Licensed Materials and may grant recipients of such derivative works rights in respect of the Licensed Materials that are consistent with and no less restrictive than the terms of this license.

Original characters. Licensees are encouraged to create new, original characters inspired by the Loaded Lions universe using the Licensed Copyright Materials. Such original characters are permitted under this license provided that they are not substantially similar to any identifiable token-linked PFP/Avatar, do not claim to be official or token-linked characters, and do not interfere with any holder's rights in a specific NFT.

For the avoidance of doubt, Crypto.com does not claim and shall not hold any rights, title, or interest in or to any derivative works created by a Licensee under this license. All intellectual property rights in such derivative works shall vest in and remain with the Licensee (or, where applicable, a third-party creator), subject to (i) Crypto.com's continuing ownership of the underlying Licensed Materials; and (ii) the quality control obligations set out in Section 5 of this license.

This license is perpetual for any compliant Licensee. Crypto.com may terminate this license in respect of any Licensee who breaches any condition, in accordance with Section 6.

3. Attribution Requirements

Any use of the Licensed Materials or derivative works must include clear and visible attribution to Crypto.com. The following attribution formats (or substantially similar wording) are acceptable:

- *“Features Loaded Lions TM characters by Crypto.com.*
- *“Created using Dark Lions TM characters by Crypto.com.”*
- *“Inspired by Cyber Cubs TM characters by Crypto.com”*

Attribution must appear in at least one of the following locations:

- the footer of any website or web application;
- an application credits screen or “About” page;
- a social media bio or “About” section;
- the README file of any code repository; or
- for physical products or printed materials, a clearly visible label, tag, packaging insert, or printed credit page.

4. Prohibited Uses

The following uses of the Licensed Materials (including both the Licensed Marks and the Licensed Copyright Materials) are strictly prohibited:

- (a) any use of the Licensed Marks or the Licensed Copyright Materials that is derogatory, offensive, or defamatory in nature;
- (b) any use in connection with hate speech, illegal activity, or adult or sexually explicit content;
- (c) any use that implies official endorsement, sponsorship, or affiliation with Loaded Lions, Dark Lions, Cyber Cubs, or Crypto.com where none exists, including the use of any brand name in a social media handle or account name in a manner that suggests it is an official account (for example, “LoadedLions_Official” or “DarkLions_HQ”). Any derivative work using any of these brand names in its title must prominently display the following disclaimer in the same location as the attribution required by Section 3, or in another equally prominent location on or within the derivative work: “This is an independent fan-made project. It is not affiliated with, endorsed by, or sponsored by Crypto.com.”;
- (d) any use of the Licensed Materials in a manner that, in conjunction with the “Loaded Lions”, “Dark Lions” or “Cyber Cubs” name or any confusingly similar name or mark, presents or promotes a competing NFT project or collection in a manner likely to mislead consumers into believing that such project or collection is the official Loaded Lions collection or is authorised, endorsed, or sponsored by Crypto.com
- (e) any use of the Licensed Copyright Materials to copy, reproduce, or create works that are substantially similar to any individual token-linked PFP/Avatar from the Loaded Lions, Dark Lions, or Cyber Cubs NFT collections, or any use that associates a derivative work with a specific NFT or token holder;

- (f) any scraping, bulk downloading, rehosting, or pre-population of public galleries of the token-linked PFP/Avatar files from the Loaded Lions, Dark Lions, or Cyber Cubs NFT collections, or the compilation of datasets from, training on, or fine-tuning of any artificial intelligence or machine-learning model using such token-linked PFP/Avatar files; or
- (g) sub-licensing the Licensed Materials on terms that are inconsistent with, or less restrictive than, the conditions of this license.

Any prohibited use shall constitute a material breach of this license.

Notwithstanding Section 4(f), the Licensed Copyright Materials (being those assets expressly designated as Creator Materials in the GitHub asset manifest) may be used as reference or training material to create new, original characters, stories, and universes, provided that: (a) no specific token-linked PFP/Avatar is used as an input or reference; (b) outputs do not reproduce or are not substantially similar to any identifiable PFP/Avatar; and (c) outputs are not associated with a specific NFT or token holder and are used commercially only in accordance with the conditions of this license.

5. Trademark Reservation

The license grant in Section 2 applies to the Licensed Marks. Except as expressly provided in this license, no right to any other trademark, service mark, or trade name of Crypto.com or its affiliates is granted under this license.

Brand Names and Logos. Subject to this license, Crypto.com grants each Licensee a non-exclusive, royalty-free, worldwide license to use the “Loaded Lions”, “Dark Lions”, and “Cyber Cubs” names and logos solely for:

- (a) providing the attribution required by Section 3;
- (b) naming or titling derivative works in a manner that references the collections (for example, “Loaded Lions Adventure”, “Dark Lions Fan Art”, or “Cyber Cubs Stories”); and
- (c) making accurate, descriptive references to the collections in connection with derivative works (for example, “inspired by Loaded Lions” or “based on Dark Lions characters”).

This license does not permit use of the “Loaded Lions”, “Dark Lions”, or “Cyber Cubs” names as part of any company name, service name, domain name, or social media handle, or in any manner that suggests official partnership with or endorsement by Crypto.com.

“Crypto.com” Name. Subject to this license, Crypto.com grants each Licensee a non-exclusive, royalty-free, worldwide license to use the “Crypto.com” name solely for providing the attribution required by Section 3. No other use of the “Crypto.com” name, logo, or associated trademarks is permitted.

Trademark Reservation. Except as expressly provided above, the following remain expressly excluded from the scope of this license:

- the “Crypto.com” name, logo, and all associated trademarks, except as permitted above; and

- any other trademarks, whether registered or unregistered, owned by Crypto.com.

Quality Control. Each Licensee acknowledges Crypto.com's interest in maintaining the quality and reputation of the Loaded Lions, Dark Lions, and Cyber Cubs brands. Accordingly: (a) any derivative work bearing any of these brand names shall be of a standard not likely to damage the reputation or goodwill of the brands; (b) Crypto.com may, upon reasonable notice, inspect any derivative work using any of these brand names to verify compliance; and (c) if Crypto.com reasonably determines that a derivative work fails to meet these standards, the Licensee shall promptly modify or cease use of the relevant brand name in connection with that work.

All trademarks remain the exclusive property of Foris Technology Pte. Ltd or its affiliates. Regardless of whether the above trademarks have been registered, Crypto.com reserves any applicable common law or unregistered trademark rights in the trademarks. Unauthorised use or registration may constitute trademark infringement, passing off and/or unfair competition, and Crypto.com reserves all available rights and remedies.

Goodwill. Each Licensee acknowledges and agrees that all use of the Licensed Marks by the Licensee under this license, and all goodwill arising from or generated by such use, shall inure exclusively to the benefit of, and vest in, Crypto.com. No Licensee shall acquire any right, title, or interest in or to the Licensed Marks or any associated goodwill by reason of its use of the Licensed Marks under this license.

6. Termination

Perpetuity. This license is perpetual for any compliant Licensee.

Irrevocability. Subject to the right of termination for breach set out below, the license granted under this license is irrevocable: Crypto.com shall not unilaterally revoke, rescind, or withdraw the license granted hereunder in respect of any Licensee who has complied with, and continues to comply with, all conditions of this license.

Termination for Breach. Crypto.com may terminate this license in respect of any Licensee who breaches any condition by providing thirty (30) days' written notice specifying the breach (the "Notice Period").

Cure Period. If the Licensee cures the breach to Crypto.com's reasonable satisfaction within the Notice Period, this license shall continue in full force and effect.

Immediate Termination for Reputational Harm. Notwithstanding the foregoing, Crypto.com may terminate this license immediately and without any cure period if the Licensee commits a material breach of Section 4(a) (derogatory, offensive, or defamatory works), Section 4(b) (hate speech, illegal activity, or adult content), or Section 4(c) (false endorsement or affiliation), where such breach is manifest and cannot reasonably be cured within the Notice Period

Effect of Termination. Upon termination, the Licensee must immediately cease all use, reproduction, distribution, and display of the Licensed Materials, and destroy or delete all copies of the Licensed Materials in its possession or control. Termination does not affect any rights of a Licensee in derivative works created prior to termination, including the Licensee's (or, where applicable, a third-party creator's) ownership of and intellectual property rights in

such derivative works, subject to Crypto.com's continuing ownership of the underlying Licensed Materials. Termination does not affect any accrued rights or remedies.

Survival of Downstream Licenses. Termination of this license as against a particular Licensee shall not affect the validity of any direct licenses received by third parties from Crypto.com under this license in respect of copies of the Licensed Materials or derivative works that were distributed by that Licensee prior to termination.

7. Disclaimer and Limitation of Liability

THE LICENSED MATERIALS ARE PROVIDED "AS IS" AND "AS AVAILABLE", WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, AND NON-INFRINGEMENT.

IN NO EVENT SHALL CRYPTO.COM, ITS DIRECTORS, OFFICERS, EMPLOYEES, AGENTS, OR AFFILIATES BE LIABLE FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, OR EXEMPLARY DAMAGES ARISING OUT OF OR IN CONNECTION WITH THE USE OF THE LICENSED MATERIALS, WHETHER BASED ON CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, OR ANY OTHER LEGAL THEORY, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

Nothing in this license excludes or limits liability for fraud, death, or personal injury caused by negligence, or any other liability that cannot be excluded or limited under applicable law.

Moral Rights. To the fullest extent permitted by applicable law, Crypto.com waives any moral rights it may hold in the Licensed Materials (including any right of integrity and any right of attribution beyond what is expressly required by Section 3 of this license). This waiver is given for the benefit of each Licensee and their successors. Where applicable law does not permit waiver of moral rights, Crypto.com agrees not to exercise such rights in a manner inconsistent with the exercise of rights granted under this license.

Patent Rights. This license does not grant any patent rights, patent licenses, or rights in respect of any patented technology. No patent license is granted by implication, estoppel, or otherwise in connection with the Licensed Materials.

8. General

Governing Law and Dispute Resolution. Any dispute or claim arising out of or in connection with it or its subject matter or formation (including non-contractual disputes or claims) shall in all respects be governed by and construed in accordance with the laws of Singapore and any dispute arising out of or in connection with this license, including any question regarding its existence, validity or termination, shall be referred to and finally resolved by arbitration administered by the Singapore International Arbitration Centre ("SIAC") in accordance with the Arbitration Rules of the SIAC ("SIAC Rules") for the time being in force, which SIAC Rules are deemed to be incorporated by reference in this Section 8. The seat of the arbitration shall be Singapore. The tribunal shall consist of one (1) arbitrator. The language of the arbitration shall be English.

Entire Agreement. This license constitutes the entire agreement between Crypto.com and each Licensee regarding the Licensed Materials and supersedes all prior agreements and arrangements relating thereto.

Severability. If any provision of this license is held invalid, illegal, or unenforceable, that provision shall be severed and the remaining provisions shall continue in full force and effect.

No Endorsement. Nothing in this license shall be construed as creating any partnership, joint venture, agency, franchise, or employment relationship between Crypto.com and any Licensee. Crypto.com does not endorse, sponsor, or certify any Licensee or any derivative work unless Crypto.com has expressly done so in writing.

Updates to this License. Crypto.com may publish updated or revised versions of this license from time to time. Each version will be given a distinguishing version number. Rights granted under an earlier version of this license shall not be revoked by the publication of a new version. Licensees may choose to continue using the Licensed Materials under the version of the license under which they originally received them, or may elect to use the Licensed Materials under any later version published by Crypto.com.
